

Vikan

# Hygiene Catalogue

Where some say  
*"your work",*  
we say  
*"your purpose".*

## A different set of eyes

When Vikan visits a food processing plant, we see it through a different set of eyes. Where some see equipment and raw materials, we see risks and opportunities. Where some see brushes, brooms and mops, we see solutions to hygiene challenges. Where some say "your work," we say "your purpose." Because people who clean these facilities or otherwise work with hygiene are on the front line of keeping our food a delight to serve and safe to eat.

At Vikan we've been looking at food and beverage plants and other hygiene-sensitive environments in this way since 1898. Through integrity, diligence, ingenuity and drive, we've amassed the industry's biggest bank of hygiene and regulatory insight.

Based on this insight, we've developed the world's most effective professional range of cleaning tools and advisory services. All to make sure that you can deliver each and every product you manufacture with pride and confidence.

## Accessories

Vikan rubber bands are the hygienic solution to secondary colour coding. The bands fit handles, vacuum cleaner nozzles and all other Vikan products.

- Allow for secondary colour-coded segregation of equipment.
- Metal detection kit is used to check the detectability of Vikan products and calibrate the metal detector accordingly.

## Brooms, Deck & Wall Scrubs

Maintaining hygiene in food production and processing facilities requires reliable tools for removing dirt, residues, and contaminants from all types of surfaces.

Vikan offers a complete range of brooms and scrubbing tools to meet the demands of different cleaning applications:

- Soft and medium brooms – Ideal for sweeping fine particles and dry debris from smooth floors and production areas. Available in various widths and colours for zone segregation.
- Hard brooms and yard brooms – Designed for removing heavier debris and dirt especially in industrial areas. Highly durable for both indoor and outdoor use.
- Deck scrubs – Provide powerful scrubbing action for removing stubborn residues and build-up from wet or greasy floors. Available with short or long bristles for tailored cleaning.
- Wall scrubs and hand scrubs – Compact, ergonomic tools ideal for vertical surfaces, walls, and equipment cleaning, ensuring no residue is left behind.

# Brushes

Vikan offers a very wide range of highly effective, durable brushes in various shapes and sizes for use in a multitude of applications in every industry setting.

There are brushes for food and beverage applications, general cleaning, and vehicle cleaning, in a range of highly specialised designs.

Our brush range includes several Ultra Safe Technology (UST) products, which feature hygienic design making them suitable for use in high-risk environments.

- All brushes are designed with ergonomics in mind from the dimensions of their handle to the angle of their bristles.
- A wide range of bristle options are available including short, long, split, soft, medium, hard, mixed, heat resistant etc. making it possible to find a brush that meets your needs.
- Scrubbing brushes are ideal for wet or dry cleaning of stubborn dirt.
- Soft brushes are ideal for sweeping powders and other loose dry material.
- Some brushes are also available as water-fed options.
- Easy-to-clean UST brushes reduce the risk of contaminant build-up on the cleaning tools themselves.

# Buckets

Store, transport, mix and clean products of any type with award-winning Vikan buckets and lids. Hygienic, ergonomically designed and stackable, these bucket systems are remarkably versatile and easy to work with.

- Hygienically designed buckets hold 6, 12 or 20 L.
- Strong and durable with stainless-steel handles.
- Temperature and chemical resistant.
- Available in a range of food contact compliant colours.
- Ergonomically designed.
- Feature easy-to-read measures.

# HyGo

HyGo from Vikan is the food and beverage industry's first mobile cleaning station to combine hygiene, efficiency, and manoeuvrability in a purpose-built solution.

- HyGo combines industry feedback and Vikan's own experience, making it the ideal compact solution to organise and transport sanitation tools in food production, food service, and retail environments.
- HyGo is durable and designed with cleanability in mind. Smooth, drainable surfaces, and minimal harborage points reduce the risk of contamination.
- Beyond elevating sanitation efforts, HyGo also conquers space challenges, lost equipment, and wasted time. With a fleet of customisable HyGos on the production floor, tools stay organised and get to where they are needed quickly.
- HyGo is also available in six colours to support you colour-coding programs.

# Couplings

Vikan offers high-quality couplings that make attaching and changing hoses and sprayers quick and easy.

- Couplings come in  $\frac{1}{2}$ " and  $\frac{3}{4}$ " sizes.
- Quick Fit couplings are designed to make changing spraying equipment more easy and efficient.
- Quick fit couplings are designed to make it easier to mount hoses on water taps, handles and foaming equipment.

## Foaming equipment

At Vikan, we offer foaming equipment for use on different surfaces in a variety of industries. Versatile, effective and with minimal generation of aerosols, these tools are used to clean everything from food service areas to changing rooms at sports facilities and even swimming pools. They work purely with the pressure from your water supply system.

- Sprayers feature functional design with continually variable water supply.
- Ergonomically designed.
- Foam is applied without generating aerosols.
- Colour coding facilitates chemical identification.

## Foam Sprayer, incl. Jet Spray, 1/2"(Q), 2.5 Litre

Item no.: 9303

1 Pcs.

2.5 Litre(s)

2 Bar

8 Bar

°C

Material: Brass; Orgalloy; Polyamide; Polyethylene (HDPE)

## Foam sprayer incl. jet spray, 1/2"(Q), 1.4 Litre

Item no.: 9305

1 Pcs.

1.4 Litre(s)

2 Bar

6 Bar

°C

Material: Copper-plated Brass; Polyamide; Polyethylene (HDPE)

## Spare container, 1.4 Litre

Item no.: 9310

4 Pcs.

10 Bar

Material: Polyethylene (HDPE)

## Spare container, 2.5 Litre

Item no.: 9311

4 Pcs.

10 Bar

Material: Polyethylene (HDPE)

## Ergo injector with suction hose for 9303x, 1/2" (Q), Black

Item no.: 93139

1 Pcs.

10 Bar

Material: PVC; Polystyrene; Polypropylene; Copper-plated Brass

## Injector with suction hose, 1/2" (Q), Black

Item no.: 93149

5 Pcs.

10 Bar

Material: Chromium-plated brass; PVC; Polypropylene

Suction hose for injector, 93139 & 93149,  
220 mm, White

Item no.: 93175

10 Pcs.

10 Bar

Material: PVC

Plastic lid for container 9310x and 9311x,  
Black

Item no.: 93189

4 Pcs.

Material: Vinyl

Combi watergun for foam sprayer 1/2"(Q),  
Black

Item no.: 93209

4 Pcs.

6 Bar

Material: Polyamide; Chromium-plated brass

Watergun for Foam Sprayer 1/2"(Q), Black

Item no.: 93239

1 Pcs.

8 Bar

Material: Polyamide; Polypropylene; Chromium-plated brass

Stainless Steel Hose Suspension

Item no.: 9345

1 Pcs.

Material: Stainless Steel (AISI 316)

Stainless Steel Suspension f/Foam Sprayer,  
9303x/9305x

Item no.: 9348

1 Pcs.

Material: Stainless Steel (AISI 316)

Jet Spray for 93209 and 93239, 1/2" (Q), Black

Item no.: 9350

10 Pcs.

10 Bar

Material: Glass reinforced; Nylon

Angled Jet Spray Lance, Small Nozzle, 1/2" (Q)

Item no.: 9352

5 Pcs.

12 Bar

Material: Anodised Aluminium; Brass

Adjustable Spray Nozzle, 1/2" (Q)

Item no.: 9354

10 Pcs.

25 Bar

Material: Orgalloy; Chromium-plated brass

Set of nozzles for 9303x and 9305x (0.4-10%)

Item no.: 9378

10 Pcs.

Material: Polypropylene

Outlet Hose, 1500 mm, 1/2" (Q)

Item no.: 94415

15 Pcs.

20 Bar

Material: PVC; Chromium-plated brass

## Handles

Every head needs a handle and at Vikan our range of handles is nearly as comprehensive as the heads they are designed to fit on to. Whether you need a plastic, stainless steel, aluminium or wooden handle, or one that's hygienically designed, short, long, telescopic, water-fed, or colour-coded, we are sure to have one that suits your needs.

- Ultra Hygienic handles, primarily designed for use with the Colour-coded product range, are available in a range of colours, and lengths, are fully moulded and easy to clean. The Ultra Hygienic handles compliment the UST broom range and Ultra Hygiene squeegees perfectly.
- The Ultra Hygienic Mini handles are ideal for use with any hand held Vikan product.
- The lightweight, ergonomically designed aluminium handles minimise the risk of occupational injury and the water-fed versions feature quick-release hose connections and insulated sleeves for a comfortable grip. Suitable for use with our Colour-coded, Microfibre and Transport product ranges.
- The ridged stainless steel handles are strong, durable, chemical resistant and suitable for use with our Colour-coded products.
- The flexible stainless-steel and nylon handles mounted on our twisted wire brush heads facilitate cleaning of curved pipework.
- Telescopic handles enable cleaning at height of remote surfaces more easily and effectively.
- Vikan's top adjustable handle, featuring a button on the handle head that allows quick and easy adjustment of the handle length, is uniquely designed for use with our Microfibre product range.
- Our traditional high quality wooden handle range are exclusively designed for use with our Classic range of products.

Aluminium Telescopic handle, 1305 - 1810 mm, Ø32 mm, White

## Kits

Vikan offers a range of different cleaning kits for specific applications. The EasyShine Kit can be used for cleaning windows, mirrors, white boards, ceramic tiles, stainless steel and other high-gloss surfaces. Our Easy Hi Dust Microfibre Kit cleans up to 3-metres high with static electricity and a flexible head. The Campaign Set and the Transport set feature vehicle brushes with water-fed, telescopic aluminium handles.

- All you or your customers need in one convenient kit.
- A great way to get started with Vikan products.

# Mixers

Vikan offers a wide variety of mixers, stirrers and paddles, manufactured in food contact compliant plastic or nylon, designed for virtually every processing application.

- Both excellent for mixing all liquids and viscous products.
- Nylon stirrer is good for use with hot foods and liquids.
- Fully moulded, one-piece construction is easy to clean.
- Also feature a scraping edge to help remove product from the sides of mixing vessels.
- Available in versions with holes that allow the ingredients to pass through the blade and ease stirring.

# Scoops

Scoop wet or dry ingredients with hygienically designed Vikan scoops. These scoops feature smooth, easy-to-clean surfaces and a one-piece construction that eliminates areas where contamination can gather.

- Available in a wide range of shapes and sizes.
- Lightweight, durable and ergonomically designed.
- Hygienically designed for food handling applications.
- Available in a range of food contact compliant colours to allow for easy segregation of use, particularly with regard to ingredients and allergen segregation.
- Also available in metal detectable versions.

# Scouring pads and holders

Vikan scouring pads and holders are suitable for a wide range of industries and specific applications. Our scouring pads are highly effective and durable. Vikan handheld and extendable pad holders come in a range of sizes and colours and feature a secure locking system that keeps the pad firmly in place.

We also offer wash fleece products for selected applications.

- Scouring pads are effective and long-lasting.
- Pads available in colour-coded varieties: white for soft, blue for medium and brown for hard.
- Pad holder features locking system that keeps the scouring pad in place.
- Wash fleece and holder options.

# Scrapers

Scrape any surface free of stubborn debris with our extensive range of effective scrapers. Available with steel, flexible polypropylene blades, and temperature resistant nylon.

These scrapers remove sticky, oily, baked on, dried and other debris from work surfaces, conveyor belts, floors, tables, cookers, hard-to-reach areas and even curved equipment.

- Stainless steel scrapers are great for removing stubborn debris from tough surfaces, like tiles, and hot and cold surfaces. They come in a range of blade sizes, to facilitate everything from work surface to floor cleaning, and can be fitted to any Vikan handle to provide the length required.
- Plastic scrapers can be used on surfaces where a stainless steel blade might damage the surface being scraped. They are available in a range of colours, and come in handheld and threaded handle versions for extendibility.
- Nylon scrapers allow the scraping of very hot and very cold surfaces.
- Flexible plastic scrapers are available in metal detectable versions.
- Paddles scrapers are available in nylon and polyethylene.

# Shovels, forks and rakes

Ergonomically designed Vikan shovels, forks and rakes come in various sizes and shapes for almost any application – including food handling.

The shovels can be used for moving large amounts of ingredients waste or even snow.

- Lightweight, durable and ergonomically designed.
- Some shovels feature holes for rapid liquid drainage.
- The shovel is available in a metal-detectable version.
- Hygienic fork available for emptying fresh produce from large containers during harvest.

# Squeegees

Effectively remove both liquids and debris with Vikan's pioneering range of squeegees. Choose from,

- Floor and hand squeegees – featuring high density foam blades and easy to replace blade cassettes. Highly efficient at removing liquids from surfaces, and cost effective. Available in fixed and swivel necked, hand held and floor cleaning options and with easy to remove cassettes.
- Hygienic squeegees – featuring twin rubber blades in an easy to remove cassette for hygienic cleaning and maintenance. These squeegees are heat and chemical resistant and highly efficient at removing liquids and semi solids from surfaces. Available in fixed and swivel necked, hand held and floor cleaning options.
- Ultra-Hygienic squeegees – featuring a fully moulded, hygienically designed single flexible blade. Designed for use in areas where hygiene is critical but effective at removing liquids, semi-solids and loose dry material from any surface, anywhere. Floor and hand-held versions are available in up to 12 different colours.
- Condensation squeegee - specifically designed to remove condensation from ceilings and overhead pipework. Condensate can be drained safely to the floor drain, via the hollow handle and a hose, or collected in a bottle that fits easily and securely on to the waterfed handle.
- Vikan also has a comprehensive range of squeegees designed specifically for vehicle cleaning.

## Wall brackets

Keep your cleaning tools organised, increase their durability and service life, and minimise the risk of audit non-compliance with our comprehensive range of stainless steel and plastic wall brackets and bucket brackets.

- Stainless steel wall brackets are strong and durable and hold between 1 - 6 cleaning tools.
- Plastic wall brackets are available in 12 different colours and hold between 1 - 5 cleaning tools.
- Stainless steel bucket brackets enable our buckets to be stored hygienically upside down.

## Water guns & hoses

We offer water guns and hoses for use in a variety of industries and applications. Versatile and effective, our water guns are used to clean everything from food service areas to changing rooms at sports facilities and even swimming pools. Our hoses are designed for use with hot or cold water, and come in 1/2" couplings and various lengths.

- Gun sprayers feature functional design with continually variable water pressure.
- Water guns available with angled jets to hit hard-to-reach places.
- Cold water hoses can be used with water up to 40 degrees Celsius.
- Hot water hoses are designed for use with water up to 70 degrees Celsius.

Power-assisted cleaning for demanding food production environments.

HyDrive transforms traditional manual scrubbing into a faster, more efficient cleaning process.

By connecting directly to a cordless drill or pneumatic tool, HyDrive helps operators remove stubborn residues with less effort and more consistent results.

A smarter way to clean

Remove:

- ✓ Dough build-up
- ✓ Chocolate residues
- ✓ Labels and adhesives
- ✓ Burnt-on deposits
- ✓ Sticky product residues

Quickly. Consistently. Efficiently.

## Designed to Perform

Very stiff bristles remove stubborn and baked-on residues.

## Efficiency Without Compromise

Reduce deep-cleaning time and support faster changeovers.

## Engineered for Food Safety

Suitable for food-contact environments and available in six colours for hygienic zoning.

# Vikan Squeegee selection

## Ultra Hygienic Single Blade Squeegees

The fully moulded single blade construction makes this squeegee both effective and easy to clean hence reducing contamination risks. The angled blade makes facilitates removal of water and liquids from corners and other difficult to reach areas, and the splash guard ensures that liquid does not spill onto the dried surface.

- Available in 25, 40, 50, 60 and 70mm

## Ultra Hygienic Single Blade Flex Squeegee

Combining all the benefits of the Ultra Hygienic squeegee with an even softer and more flexible blade, this squeegee delivers improved contact with wet and uneven floors for enhanced liquid removal. Effective when both pulling and pushing liquids, it is ideal for areas with frequent washdowns and high moisture levels.

- Available in 60mm

## Hygienic Double Blade Squeegee with replacement cassette

Designed for areas where both high levels of hygiene and effective water removal are required, this squeegee can be used on all types of surfaces, including tiled and safety flooring.

- Available in 25, 40, 50, 60 and 70mm
- Available with revolving neck (40 and 60mm)

## Foam Double Blade Squeegees with replacement cassette

Ideal for removing water and food debris from all types of flooring, this double-bladed cell rubber squeegee can be used with any Vikan handle.

- Available in 25, 40, 50, 60 and 70 mm
- Available in black (not FDA approved) and white (FDA approved) cell rubber.
- Available with revolving neck (white - 40, 50 and 60mm)

## 5 Reasons to Try HyGo

The food and beverage industry's first mobile cleaning station to combine hygiene, efficiency, and manoeuvrability in a purpose-built solution.

- 1 Compact Manoeuvrability**  
HyGo's compact design transports your cleaning tools to exactly where you need them and conveniently rolls out of the way when not in use.
- 2 Customisable Storage**  
Not only does it come in a range of colours, HyGo can be customised to suit users' needs and preferences.
- 3 Durable Construction**  
HyGo is purpose-built and tested to take on the unique challenges posed by food handling environments.
- 4 End-user Driven Design**  
HyGo was developed in close co-operation with food industry professionals to ensure a product that meets their needs.
- 5 Improved Efficiency**  
HyGo keeps tools organised and readily accessible, reducing wasted time and effort spent searching for, transporting, and storing cleaning tools.

# Improve Food Safety through Hygienic Design

with Ultra Safe Technology

## Anti-clogging design

The unique UST bristle pattern minimises clogging and makes it easier to clean between bristle bundles.

VISSING FONDEN

# Vissing Foundation

## Owned by the Vissing Foundation

Vikan is ninety percent owned by the Vissing Foundation, a charity established in 1979 by former Vikan owner Mogens Vissing and his wife Jenny.

The Vissing Foundation funds important research in cancer and diabetes treatment, with an emphasis on devices, diagnostic methods, treatment approaches, data analysis and other areas that directly affect patient health and wellbeing. The foundation's work is a source of pride for all of us in the Vikan family.

# Vikan's History

## Since 1898

When Vikan was founded in the nineteenth-century Danish countryside, our company was part of a close-knit rural community. We developed our products not to “meet industry needs”, but to help people we knew personally – people we talked to about their cleaning challenges and aspirations.

“I decided I needed to visit the dairies to learn what they were using brushes for. I did this and observed their work carefully... I then experimented to come up with brush types I thought the dairy workers would appreciate ... I even sent samples for the dairies to try out.”

— A.P. Pedersen, Vikan founder\*

“This guiding principle still forms our starting point today. We get to know our customers, we work hard to understand their needs, and we innovate tools that are genuinely useful, even involving our customers in the development process.”

— Carsten Bo Pedersen, Vikan CEO

# Get in touch

Your local Vikan Distributor is ready and very well equipped to meet your every need for Vikan products, services, and up-to-date expert knowledge and advice. Vikan Distributors maintain an exceptionally close relationship with Vikan. They take part in regular training initiatives, and they are happy to offer guidance on what products to use, how to use them effectively, and how to keep auditors and other authorities not just satisfied, but impressed with, your operation. No matter where in the world you do business, you'll find a Vikan Distributor nearby.
